

- MyReading prevents students from printing out as many resources, as module handbooks and journals can be viewed entirely online.
- It improves student engagement with secondary resources
- A direct link to online resources such as Books, Journals and Articles.
- Material is well structured and clearly signposted for students, through using different sections and prioritising reading to the top that is most important.
- Free, quick and easy access for students and tutors
- Easy to maintain for tutors
- Allows the library to monitor stock levels efficiently
- MyReading is fully integrated within Unilearn
