

# Unilearn & Online Learning Resources

Inspiring tomorrow's professionals

# Online Learning Resources- Epigeum

## What is Epigeum

A spin out company from Imperial College London formed in 2005 with a vision:

*To globally transform research, teaching, learning and management through exceptional online education*

Inspiring tomorrow's professionals

# Online Learning Resources- Epigeum

The screenshot shows the uniLearn website interface. At the top, there is a navigation bar with the uniLearn logo on the left and a user profile for 'Dionne Coburn' on the right. Below the logo, there are menu items: 'Research', 'My Institution', 'Modules', 'Library', 'Research', and 'Campus'. The main content area is titled 'ResearchHome' and features a section for 'Postgraduate Researcher uniLearn pages'. This section contains three image-based links: 'Administration and Regulations', 'Training and Development', and 'Social and Events'. Below these links is a paragraph of text explaining the resource's structure and providing contact information. Further down, there are six more image-based links: 'Postgraduate Researcher Engagement and Support Association' (with a 'BOOK NOW' button), 'Online Training', 'Announcements', 'Book a PGR Training Course', 'Career Development' (with a 'Contact Us' button), and 'Researcher Development Fund'. At the bottom of the content area, there is a contact note: 'If you have any content or technical issues with these pages please contact [researcherhub@hud.ac.uk](mailto:researcherhub@hud.ac.uk)'.
