

Adding Pages to Wikis

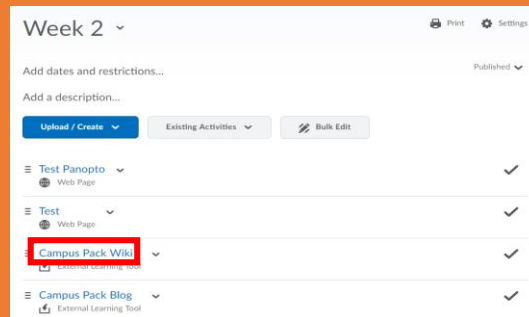

1

Once you are in the module of choice. You will need to locate the wiki within the Content section of the module navigation bar.

Content Communication ▾ Key Items ▾ Tools ▾ Grades Module Admin

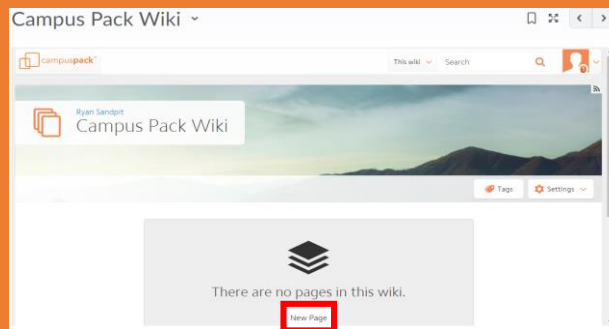

2

Then click on the title of the wiki.

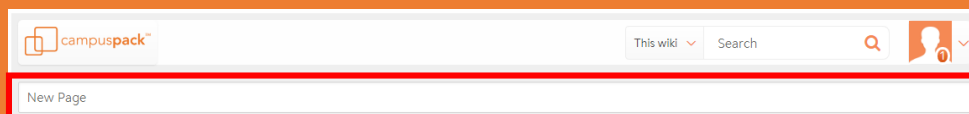

3

Once you have accessed the wiki. Click on Add Page.

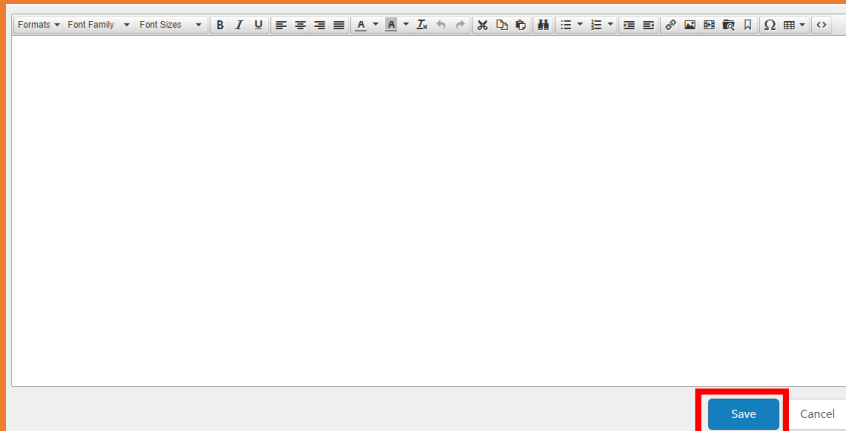

4

You will then need to give the page a title.

5

The text editor can then be used to compose the page. Click on **Save** once you are done.

6

The page has now been made.
